PROJECTS

Verita – Financial Crime & Compliance Intelligence Platform

May 2026 – Present

Business Analysis, BI Dashboards & Decision Support | SQL, Python, Pandas, Excel, Power BI, XGBoost, SHAP, FastAPI

- Defined the problem and **requirements** for an end-to-end compliance platform on **284K+ real transactions**; translated regulatory and business needs into user stories, an analytics workflow, and a **quantified-ROI business case** that justified the solution to stakeholders.
- Built the **BI / KPI dashboard layer** – automated EDA, hypothesis-tested key findings, Holt-Winters revenue/volume/cost **forecasting**, scenario analysis, and natural-language→SQL querying – delivering per-case **explainable reason codes (SHAP)** so non-technical reviewers can act on each decision.

VWS-Skoda Scheduling & Analytics – Industry Collaboration

Jun 2025 – Feb 2026

Requirements, Process Optimization & BI Reporting | Excel, Python, Pandas, SQL, Matplotlib, Seaborn

- Led an 8-month **VW Group Academy (Skoda)** collaboration with direct **client interaction**: gathered scheduling requirements, mapped the as-is process, and built an ETL + priority-scoring workflow automating ~1,243 annual events (**98.5% allocation, ~80% less manual effort**).
- Delivered an interactive **BI dashboard** (KPI cards, utilization heatmaps, month/year comparisons, threshold alerts) that turned operational data into decisions for stakeholders across 50+ assets.

EconoScope – Global Economic Forecasting & Analytics

Nov 2025 – Jan 2026

Data Analysis, Forecasting & Scenario Reporting | Python, Pandas, Scikit-Learn, Excel, Streamlit

- Analyzed World Bank macroeconomic data to forecast GDP for **190+ countries** across 25 indicators; delivered a self-serve **Streamlit dashboard** for real-time scenario analysis and what-if reporting.

Nyay AI – Document & Compliance Intelligence

Oct 2025 – Dec 2025

Requirement Extraction & Compliance Analysis | Python, NLP, Sentence-Transformers, BM25, Flask

- Built an NLP pipeline (dense embeddings + BM25 + NER) reaching **89% accuracy** to extract obligations and compliance risks from legal documents across 22+ Indian languages – turning dense text into structured, reviewable findings.

WORK EXPERIENCE

Community Management and Growth Team – Intern

Sep 2023 – Nov 2023

Engineer's Cradle Pvt. Ltd.

- Drove cross-platform community growth across 3 digital channels, lifting user engagement **40%** through targeted, data-driven campaigns and **automated Excel dashboard reporting** to the founding team.

ACHIEVEMENTS & CERTIFICATIONS

- Certifications:** Google – Advanced Data Analytics | IBM – Data Visualization with Python | Indiana University – Financial Planning.
- SIH 2025** – Qualified for Second Round, Rank 63 (Top 10%) | **AIR 8**, National Creative Olympiad 2021–22 | 6 end-to-end projects delivered with interactive dashboards.
- Joint President**, Student Alumni Relations Society, MIT-WPU (2025–26) | **Execution Head**, RIDE 2025 tech fest (500+ attendees) – stakeholder coordination & delivery.
